How can I add tags and comments ((How can I Link to the digital items)?

In USA Travel Guide Collection, users cannot add tags or comments the items directly. But users can share the link of the item to others using the share button.

What is a keyword?

A keyword is a word or phrase that describes the main concepts of a topic. Before you start searching it is a good idea to brainstorm synonyms and combinations of terms. This will increase your chances of finding information on a topic.

What is Boolean searching and how do I use it?

Boolean searching is a method that allows you to combine multiple concepts within a topic. This is done by using the following connectors: and, or, not. And is most frequently used to narrow a topic, e.g., “Los Angeles” AND “San Francisco”. would retrieve all items pertaining to both topics and no items pertaining to either topic by itself. Or is used to expand a topic, e.g., “Chicago” OR “Miami” would retrieve all items pertaining to either topic. Not is used to exclude unwanted topics, e.g., “Disney” NOT “Universal Studio” would retrieve items only pertaining to “Disney”.
